## Horus

The trend of Visible Light Facial Recognition technology have brought user experience of biometric technology to a new height. As one of the biometric industry leaders,...

## EFace10

EFace10 is a touchless facial identification terminal featuring ZKTeco's innovative Visible Light Facial Recognition technology. With the latest algorithm and...

## WL30

WL30 is Fingerprint Time & Attendance Terminal with Wi-Fi module. With Wi-Fi function, User needn't wire Ethernet cable, it supports hotspot mode and allow mobile APPs...

## WL20

WL20 is Fingerprint Time & Attendance Terminal with Wi-Fi module. With Wi-Fi function, User needn't wire Ethernet cable, it supports hotspot mode and allow mobile APPs...

## WL10

WL10 is Fingerprint Time & Attendance Terminal with Wi-Fi module. With Wi-Fi function, User needn't wire Ethernet cable, it supports hotspot mode and allow mobile APPs...

## UA860

UA860 is a 2.8-inch color screen biometric terminal for Time & Attendance, and Access Control (primary) applications. It adopts Z-ID fingerprint collector for...

## UA760

UA760 is a 2.8-inch color screen biometric terminal for Time & Attendance, and Access Control (primary) applications. It adopts Z-ID fingerprint collector for...

## UA400

UA400 adopts the brand new firmware and provides an unprecedented user experience. It brings innumerable surprises, including the stunning GUI, rock-solid stability,...

## UA300

UA300 adopts the brand new firmware and provides an unprecedented user experience. It brings innumerable surprises, including the stunning GUI, rock-solid stability,...

## D2

D2 Tabletop Terminal is specially designed for table or counter use (80-140cm). With fingerprint sensor placed on top of terminal, it enables all-directional fingerprint readi...

## D1

D1 Tabletop Terminal is specially designed for table or counter use (80-140cm). With fingerprint sensor placed on top of terminal, it enables all-directional fingerprint readi...

## iClock700

iClock700 is a 3.5-inch TFT screen Time & Attendance and Access Control Terminal. With the new user-friendly firmware, iClock700 is equipped with features like stunni..

## iClock680

iClock 680 is a biometric fingerprint reader for time & attendance and access control applications. It adopts a brand new firmware and provides an unprecedented us...

## iClock360

The firmware of iClock360 has been updated to the New version with whole new experiences including stunning GUI, rock-solid stability, fast matching and expandability....

## X628-C

The firmware of X628-C has been upgraded to the New Firmware. It brings many new experiences, including the new stunning GUI, rock-solid stability, faster matching...

## U300-C

The firmware of U300-C has been upgraded to the New Firmware. It brings many new experiences, including the new stunning GUI, rock-solid stability, faster matching...

## U260-C

The firmware of U260-C has been upgraded to the new firmware, it has new features like stunning GUI, more stability, faster matching speed and better expandability

## IN05 & IN05-A

IN05 is a fingerprint identification time & attendance and access control terminal, which can connect with third party electric lock, door sensor and exit button etc.

## ZPad Plus(4G)

ZPad Plus(4G) is ZKTeco's latest multi-functional data collection device, incorporating the Android 7.1 platform and integrating FBI PVI certified Z-ID+ Fingerprint Sensor...

## FaceDepot 4A

FaceDepot 4A is a Linux based hybrid biometric time and attendance terminal featuring ZKTeco's innovative Visible Light Facial Recognition technology.

## ZPad Plus

ZPad Plus is the ZKTeco's latest multi-functional data collection device, with the Android 6.0.1 platform, newly integrated Z-ID+ Fingerprint Sensor and / or RFID module.

## ZKRF20M

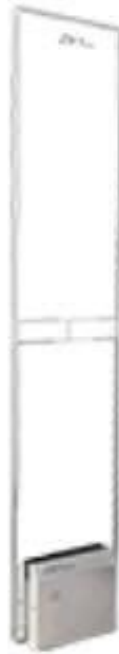

- Cost-effective
- Concise design can be applied to multiple scenarios
- Aluminum alloy material ensures long-lasting durability

## ZKRF10M

- Cost-effective
- Concise design can be applied to multiple scenarios
- Aluminum alloy material ensures long-lasting durability

## ZKAM20A

- High flexibility, accuracy, anti interference and stable performance
- Low-Power Design

## ZKAM20

- Reliable and flexible
- Adopts Digital Signal Processing (DSP) technology to enhance accuracy
- Effective solutions for multi aisle...
