*Growing up in church, I always wanted to be more than just a church member that goes to church every Sunday, pay tithes, and go back home the same way that I came in.*

*For many years, that is exactly what was going on. However, that changed after I met Spiritual Director Joyce Coffman. When Ms. Coffman invited me to begin the Spiritual Direction sessions, I*

*thought it was going to be a regular Bible study as usual. To my biggest surprise, these sessions totally changed my perspectives of God and my life as a Christian. Ms. Coffman invited me to go deeper in my prayer life with God. Our sessions encourage me to search within myself and find out behaviors and patterns that were pertinent to major life decisions that affected my whole life and even my health. I went into places that I didn't know existed before. Ms. Joyce does not only focus on the spiritual aspect. She focuses on the mind, body, and spirit.*

*Today, I approach God differently, I understand Him better and my relationship with Him is more than just creator and creation. I know Him as a father, and I know that He loves me regardless of my shortcomings.*

*Please, continue the good work that you are doing for there are many confused Christians who need your wisdom and advice! Thank you Minister Joyce Coffman! Rachel, Atlanta GA.*

*My experience with Joyce Coffman as a spiritual director:*

*Joyce is an outstanding listener. To be more precise, Joyce is an active listener. Joyce hears you. As a result, she asks multiple follow up questions which gently forces you to listen to yourself. This interaction causes you to perform self reflection/examination on your faith and your spiritual journey. Joyce's focused questions doesn't allow you to give generic answers. She wants you to provide her with your personal beliefs. On more than one occasion, her penetrating questions were uncomfortable. In those cases, I had never allowed myself to think about some of my personal shortcomings. I had put it in a box and locked it away. Under Joyce's probing, I took the time to open up this box of unresolved issues and took a second look at it.*

*I found this self examination beneficial. In summary, I want to thank Joyce for accompanying me on my spiritual journey. Gene, Raleigh, NC*
