THE ASK

We are asking for Volusia County to lift the dogs on the beach ban that has been in place since 1987. We are asking for the area between Zelda and University Blvds (1/2 mile stretch) to be designated dog friendly. It is located halfway between Lighthouse Pointe Park (inland beach) and Flagler County dog beach (oceanside). Environmental impacts to this Urban area are considered negligible. Sea turtle nesting, shore birds and dunes in these areas are minimal and this section has very low human population, even during peak seasons. This area also is a driving section of the beach which would allow access for people with physical limitations and handicaps.

GET INVOLVED

We welcome your support!

Daytona Dog Beach relies solely on donations, our sponsors, and our partners; we have no dues, and we receive no government funding! We are advocating for more DOG friendly beach areas in Volusia County, FL. We feel strongly that all residents and/or tourists, that want to, should have a more accessible place to take their dog for a beach outing oceanside.
