

Virginia Podiatric Medical Association Rad Tech Log Sheets

Twenty foot and twenty ankle views are required for certification. All X-rays performed by unlicensed staff should be assisted, meaning that the doctor or a licensed technician actually causes the X-ray to be taken (by pressing the button, etc). Each entry must include some information regarding the patient's reason for needing the X-ray. DO NOT, under any circumstances, include any information which could be used to identify a patient.

Participant Name (first and last):_____

Physician's Name: _____

Date Course Taken: _____

[illegible]
