

Objective--Web Directory Browsing (part 1)

Objective

The hints for this objective can be found in the dialog from Minty Candycane, and in Minty Candycane's hints on your badge. Once you are armed with those hints, this challenge should be easy. Go to <https://cfp.kringlecastle.com/>, download the necessary file, and you are done.

The image shows two side-by-side screenshots. The left screenshot is a challenge objective from a game, titled "2) Directory Browsing" with a difficulty of 4 trees. The text reads: "Who submitted (First Last) the rejected talk titled Data Loss for Rainbow Teams: A Path in the Darkness? Please analyze the CFP site to find out. For hints on achieving this objective, please visit Minty Candycane and help her with the *The Name Game Cranberry Pi* terminal challenge." The right screenshot is a browser window showing the "KRINGLECON CALL FOR PAPERS" website. The website has a red header with "KRINGLECON" and a "MENU" dropdown. The main content area is black with white text: "KRINGLECON CALL FOR PAPERS", "KringleCon is the only North Pole conference to feature speakers from around the world.", "Apply now!", and a red "APPLY NOW!" button.

Hand in

- 1) What URL allowed you to download the file?

- 2) Who submitted the rejected talk in the objective?
