Services and Supports for Youth and Young Adults: www.helplinema.org/for-parents

It's hard to ask for help, especially when you're worried about alcohol or drug use. The bravest thing to do is to reach out. For all services listed here, your health insurance or BSAS may cover costs.

Detox & Stabilization

For youth ages 13-18 needing medical, emotional, and behavioral stabilization from substance use or dependence. Length of stay depends on an individual's need (average stay is 14 days).

Youth Residential Treatment

Youth between the age of 13 and 17, who are medically stable, can receive individual, group, and family counseling in a therapeutic residential setting. Length of stay varies (typically 45 to 90 days).

Young Adult Residential Treatment

Young adults, ages 16-26, who are medically stable can access a variety of individual and group services and resources that support ongoing recovery. Length of stay varies (often 4 to 6 months).

Outpatient Counseling

Call the MA Substance Use Helpline to find out what licensed outpatient programs are available for youth and young adults experiencing problems with alcohol or drugs. Ask about **Adolescent Community Reinforcement Approach** (A-CRA) programs in your area - clinicians can help at all stages of recovery and support families!

Recovery High Schools

Recovery high schools offer an alcohol- and drug-free environment to meet the educational and recovery related needs of students. These public schools meet MA requirements of each student's school district, while offering small class sizes, individual attention, licensed counseling support, and much more. No cost.

Medication Assisted Treatment/ Withdrawal Management

Research shows that MAT can help successfully treat substance use disorders and sustain recovery, including for youth and young adults, ages 16+. Contact the MA Substance Use Helpline for referrals: www.helplinema.org
