

RE: New Flight Path Directly over San Juan Residents

Are you hearing jet noise? Newport Beach, Laguna Beach and the OC Board of Supervisors negotiated new flight paths with the FAA in Oct 2017. Since 2011 flights over your home have increased from 5 per day to 70+ per day and that does not include the overflights from LAX and Long Beach to Mexico and South America.

If this jet noise bothers you, here is a list of IMMEDIATE actions you can take:

1. Speak during open session of City Council Meeting held every 2 weeks.
March 5, 2019 is next meeting. Arrive at 4:45, sign a Request to Speak form and discuss how the jet noise is bothering you. Open mic starts about 5:15. Ask Council Members to sign CNPN Referendum. You will be done by 5:30!
2. Go to Airnoise.io and use 1 of 3 ways to report loud jet noise traffic to John Wayne Airport. They in turn have to report civilian complaints. The more complaints the more they have to take action. Go to AIRNOISE.io. FREE Dashboard for laptop; OR Or on cell phone, \$5 monthly by text; OR Purchase Button for \$25. A monthly fee of \$5 is also charged. In set up link to JWA. Then email Chris McCann directly at admin@airnoiseio.com to set altitude to 14,000 ft.
3. **An example of a complaint is attached. Lake Arrowhead & LaJolla did & are winning!
4. Sign the Citizens for No Plane Noise petition. Link on the website found at <https://noplanenoise.us> which will direct you to Change.org.
5. Read all the material and donate to the cause at <https://noplanenoise.us>
6. Mail letters to US and CA Senators and Congressional Members, Orange County Supervisors, Dana Point/Laguna Niguel/San Juan Capistrano Mayors & Council Members. All contact information can be found on <https://noplanenoise.us>

7. Speak at Orange County Board of Supervisor Meetings. Location is Hall of Administration, Board Hearing Room, First Floor, 333 West Santa Ana Blvd., Santa Ana. Next is March 19th at 9am.
