

PARTNER FORM

Established in 2016, UVAN is one of four Community Veteran Engagement Boards (CVEB) in the state of South Carolina. As a collaboration of over 200 community organizations, we bring local veteran providers together with VA leadership to give a "boots on the ground" perspective to veteran care at the local level.

We are dedicated to creating stability in all aspects of life for the veterans, service members, and family members whom we serve.
