10 BLACK

Hyperlight XC sole made of 100% unidirectional carbon with a stiffness index of 14.0 for top power transfer

28% more abrasion resistant than TPU, the Michelin rubber inserts with dual-layer compound technology provide excellent grip with minimum weight

Made with the patented XFrame 2[®] construction, the upper transfers every watt of power while providing the snuggest, even fit with no pressure points. The double SLW2 dial differentiates the pressure between the top of the instep and the toe for even better adaptability

Highly abrasion-resistant ultrathin reinforcements ensure 360° protection along the entire upper

Integrated heel system containing directional fibre prevents any slipping

Pro Regular Fit footbed with a stiffened dual density design increases the power transfer
