NEW

SIZE
S-3XL

Sensitive Plus® 117gr fabric, ultrathin and almost imperceptible to the touch, combines amazing hydrophilic properties which facilitate the sweat expulsion outside and UPF50+ sun protection

The all-way stretch construction is combined with strategically placed mesh panels for great ventilation

Raw cut end sleeve with gripper fit like a second skin

YKK full zip with camlock puller

Lycra elastic waists with gripper grants excellent fit and keeps the pockets in place

3 back mesh pockets with gusset at bottom for additional room

Large reflective printings on end jersey, front and arm provide high visibility
