

WHICH SIZE TITANIUM IS RIGHT FOR YOU?

STEP 1

Cut out the measuring tool using the dotted line as a guide.

Important: make sure your printer is scaled to 100% (on a standard 8.5" x 11" page).

STEP 2

Hold the left side (L) behind your left ear and stretch the tool across the back of your head (toward your right ear).

STEP 3

If the **white section** of the sizing tool is touching your right ear, choose Titanium Mini.

If the **orange section** of the sizing tool is touching your right ear, choose Titanium.
