Business from the Floor:

Taylor Groff with Groff Julius at 6549 Davidsburg Rd was present to ask questions regarding a sign he wants to install for their business. The Township's Engineer calculated the dimensions, including the framing and said the sign was larger than allowed. Taylor explained the sign it's self does meet the requirements, but the framing has to be larger because of the significant drop along the road by the driveway, where the sign must be located. Solicitor Sharon Myers said the frame would not be included in the dimensions and that he would need a permit for the sign. The Supervisors were ok with the size of the sign and the location. Resident Caroll Myers wanted her statement in the minutes that she asked why this company did not need a zoning hearing. The reason stated was this is an agricultural business which is a permitted use by right.

Old Business:

Supervisor Travis Sherman stated that the Township Planning Commission reviewed the Data Center sample ordinance. The recommended version is to follow the York County PC's sample, making a few changes, adding must have public water/sewer in the Township and some numbers for different setbacks and heights requirements. The Planning Commission is waiting on member Lee Baumgardgner to review. Also, member Tina Gleim has reviewed for any typographical errors. It will be discussed at October's PC meeting. Solicitor Sharon Myers has also reviewed the draft copy.

The registered letter for Junkyard/Trash violation for the Stambaugh property at 199 Pine Woods Rd was sent by Solicitor Myers. Mr. Stambaugh has responded to the Township. He has had a dumpster there for the trash and has removed the vehicles. He is cooperating with the Zoning Officer in becoming compliance in regards to this issue.

The Zoning Officer provided information that Jerry Hollinger at 6695 Davidsburg Rd. has completed his permit and has closed the permit, with the extension from the Supervisors.
