

2027 Price List

We publish this list as a budgetary guide to help as you pray and plan for how you might be a part of the ministry in Guatemala. Whether you are planning a team visit or would like to provide a 'Hand-Up' to a needy family, we thank you for your consideration.

Our programs strive to present the love of Jesus as the reason for giving and to always meet a felt need. As we work in the community, host US teams, and meet with the families of our ministry programs, we see many individual needs. Please contact us if you are called to help in a manner that is not represented on this list.
