

## Machine Guarding

## Electronic Machine Safety

## Machine Tool Safety Guards

## Industrial Automation

# PowerSafe Automation

## Inspection & Test Equipment

Turnkey solutions consisting of mechanical, fluid power, electrical, controls, & programming

### Types of Systems:

- Leak & flow rate test machines
- Repeatability test fixtures
- Load testing equipment
- Visual part inspection
- Post-assembly function tests

### Justify to Automate:

- Improves quality
- Increase efficiencies
- Expands capacity
- Reduce labor costs
- Reduce lead-times
- Improves worker safety

Capabilities consist of on-staff engineers, design/programming software, tooling, mills/drills, saws, shear, grinders/sanders, gauges & measuring devices, printers, material handling equipment, and internal systems to facilitate your project.

Engineering > Fabrication > Build > Run-off > Install > Train
