## Speed Monitoring Safety System

Zero turn to release detection devices

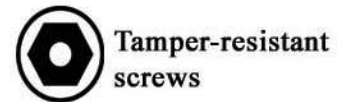

Proximity sensor w/ encoder to detect machine stop signal on outdated circuitry before releasing locking solenoid safety switch

Consists of:

- Safety interlock switch
  - with locking solenoid
  - mtg brackets & hardware
- Safety controller
- Encoder
- Indicator light w/ mount
- Request to enter controls

- Applications:
- Vintage lathes
  - Vintage mills
  - Saw equipment
  - Conveyor systems
  - Fan/pump rotation

For a faster & cleaner installation check out our optional **PowerControls**, an e-safety device > machine integrator

Custom Design > Fabrication > Nationwide Installation > Integration
