Martin P. Waterman Appointed Vice President of Business Development and Acquisitions

Vancouver, British Columbia – [Motion Media Group Inc. is excited to announce the appointment of Martin P. Waterman as Vice President of Business Development and Acquisitions. With a robust background in venture capital and expertise in start-up businesses, Waterman brings a wealth of knowledge to the entertainment sector, where his strategic insights will help drive the company’s growth and acquisition strategy.

Waterman’s career spans various facets of business and entertainment, making him a powerful addition to the team. His venture capital experience, particularly with start-ups, has equipped him with a deep understanding of how to treat entertainment projects as businesses, ensuring they have the best chance for success.

His past as a member of the Hollywood Press is equally impressive. Having reviewed over 400 films per year for major studios and independents, Waterman has an exceptional grasp of what makes a film commercially viable. This experience, coupled with his creation of a unique screenwriting course focused on economic viability, budget considerations, and product placement, demonstrates his commitment to making films that are not only creative but also financially sound. Martin Waterman is committed to offering screenwriters and directors access to the industry to tell their stories including under represented voices.

“As CEO of Motion Media Group, I am proud to lead a team that is constantly pushing the boundaries of creativity and innovation in the media industry. Our commitment to delivering exceptional projects is at the heart of everything we do, and I’m excited for the opportunities ahead as we continue to expand and elevate our work on a global scale,” said Michael Olsen, CEO of Motion Media Group.

“I’m thrilled to join Motion Media Group at such a pivotal time,” said Waterman. “I look forward to leveraging my experience in business development and acquisitions to support the company’s ambitious growth plans, while also working on exciting projects that push the boundaries of storytelling and innovation.”
