

August 14 COPPS training:

Our next meeting will be on August 14, 6:00 pm at the PPD. We will be hearing from Sergeant Greg Epp, who will introduce us to Table Top exercises, why our agency does Table Top exercises, how they work and what we're able to learn from them! It'll be a really neat presentation!

RECAP: July 10 meeting and elections

Thanks to those who joined us for our July 10 meeting. Jamie Sorrells, Director of Consumer Fraud Protection in the 18th District Attorney's office, led an interactive discussion around recent on-line and phone scams...many of which are aimed at seniors. If you weren't able to attend, Richard DeJongh distributed a copy of his presentation to everyone.

We also held elections for our open positions and have two new board members: Mark Paulson is our new Director of Communications and Bill Dobbs is our new Director of Fundraising. Thanks to both Mark and Bill for offering to take on these roles. You can see Mark's handiwork in our new website at: <https://parker CoppS.org>

BEHIND THE BADGE:

Crime Analyst, Nyssa Vine

Nyssa Vine has been with the Parker Police Department for more than two years. In her role as Crime Analyst, Nyssa collects, analyzes and disseminates internal and external information to help address disorder and crime in our community. She's also often responsible for all of the pretty charts and graphs you see shared by the department to depict crime statistics. Nyssa's favorite part of her job is working with the team in the Office of Professional Standards, and her most memorable experiences since joining the PD include partnering with investigations on various high-profile cases. When not at work, Nyssa enjoys spending time with her family.
