

# Tucker University

Tucker University is an exciting, unique program for quilt shop owners and quilting instructors. It is a series of 32 courses over three years that focus on building piecing techniques and designing original blocks using the Studio 180 Design tools. Quilters of any level of experience will benefit from the construction process of each and every Studio 180 Design tool.

Most courses have been designed for a 3- to 4-hour class. Students can pick and choose which course(s) they would like to attend; although, we believe they will see the benefits to attending all of the courses. Students will gain skills in creating basic quilt block units without the obligation of having to create a full quilt top.

Membership in Tucker University is open to quilt shop owners and quilting instructors. With each membership in Tucker University, a Shop Owner's Guide is provided with tips and suggestions regarding class preparation, teaching techniques, course descriptions, and marketing strategies.

Tucker University is an autoshop program that delivers a monthly course with the following resources:

- Course Description\*
- Supply List\*
- Detailed Lesson Plan
- Student Black Line Masters\*
- Design Sheet

\*Items intended for reproduction as needed

The shop owner or quilting instructor may request membership for a 3, 6, or 12 month commitment. At the time of their membership, a commitment of no less than six (6) Design Sheets will be part of their membership commitment. A shop owner or quilting instructor is welcome to increase their monthly autoshop order; however their initial request will become their minimal monthly order. All Studio 180 Design tools and Techniques Sheets are to be ordered directly from Studio 180 Design at [www.studio180design.net](http://www.studio180design.net).
