

UPDATE

Fraser Community PTSA
First Virtual STEM + Families Night
Thursday, October 29, 2020
6 p.m. – 7:30 p.m.

Greetings,

We are hosting our **1st Virtual STEM & Families Night on ZOOM, Thursday, October 29, 2020 from 6:00pm – 7:30pm.** Did you know that careers in science, technology, engineering and mathematics (STEM) are growing more than twice as fast as the rest of the job market? You already know how valuable STEM is to your child’s future success . . . but do you know how much fun it can be?

Science Family Nights are a fun, family-friendly event that spark passion for STEM through activities and experiments for BOTH students and their families. You and your child will **explore ... inspire ... empower ... and educate** yourselves about how much fun science can be. You will also learn simple things you can do at home to foster your child or children’s interest in STEM. Most importantly, you will get the chance to **connect with other families** while you and your children **learn and play together.**

Make a video no more than 10 minutes long of a **STEM Activity** involving the family using the below listed STEM Activities or create your own project. In the video, please state your name, school, grade and name of your project and demonstrate or explain what you hope to accomplish. **Please submit your entries to the Fraser Community PTSA e-mail: frayseredu@gmail.com** this allows us permission to show everyone your hard work and creativity while having fun!!!

DEADLINE EXTENDED TO OCT. 23rd by 8:00p.m.
DEADLINE FOR ENTRIES OCTOBER 16, 2020 by 8 p.m.

One family from each of the following categories will win \$100 toward their MLG&W Bill & MICROSOFT READY LAPTOP

Elementary School: K-5

Middle School: 6-8

High School: 9-12

Research shows that **family engagement** leads to greater student success. Students with engaged parents are more likely to earn higher grades, attend school regularly, have better social skills and go on to college. We are very excited to see family engagement come alive in our PTA STEM + Families program.

STEM Activities listed below can also be viewed at the FCPTSA website: www.frayseredu.org
