THANK YOU

[Send message](#)

To all who donated during The Big Payback 2020. You helped Hotline raise \$3,957 to support FREE tutoring for all K-12 Tennessee students. The first \$500 donated was also matched by an anonymous donor, doubling the impact. Hotline staff and teachers can't thank you enough.

Did you miss the Big Payback window? You can still donate here (/donate-here)!

WHO WE HELP

We tutor K-12 students in reading, language arts, math, social studies, science, Spanish, and more. High school students - we have calculus, trigonometry, physics, chemistry and most other subjects—all taught by certified teachers. And best of all? We offer help in seven languages: English, Arabic, Spanish, Hindi, Farsi, Mandarin, and Swahili.

WHY A HOTLINE?

Need help but have no transportation to a tutoring center? Call Homework Hotline and get tutoring on the phone. Want to text instead of talk? We can do that. Need help but cannot afford private tutoring? We're free. Embarrassed to get help in front of your peers? No problem. Tutoring is anonymous. And, we are really nice.

WHERE WE FOCUS

Our teachers are here for any Tennessee student. Parents can call, too. If you have questions, want us to help you check your work, or explain complex concepts. We are here for you.

OTHER HOTLINES

Unfortunately, we are only able to service students in Tennessee. BUT, We've done the research for you: find contact information for other hotlines here (</s/2020-21-For-students-outside-of-TN.pdf>).

Homework Hotline has indeed been a BIG HELP in D's progress. Since tutoring has started I've noticed D's behavior concerning math has changed. He doesn't seem as intimidated as before. I often listen in while he is on the line for tutoring and he is answering more questions correctly and appearing to understand the work better! I pray that this has helped with his grades at school, although it [is] still early I credit the Hotline for his new found motivation.

“

The mother was really struggling with math. She worked with me a long time and said “I’m going to store this number in my phone because we’re really going to use it this year!”
