CHOOSE OR CHANGE YOUR 2020-21 STUDENT LEARNING OPTION WEDNESDAY, OCTOBER 21 THROUGH FRIDAY, OCTOBER 30. (https://scstn.powerschool.com/public/home.html?PID=1697)

As we continue to prepare for a safe return to in-person learning, we again want to emphasize that parents are able to choose a learning option for the remainder of the year that they feel best meets the needs of their student and family.

Many parents selected a student learning option as part of our registration process this summer. Those choices for either in-person or virtual learning will still be valid when schools reopen; however, we want to ensure that anyone who did not complete the survey or would like to change their original selection has an opportunity to do so. ***If you do not wish to change your original learning option selection, please DO NOT submit a choice again. Your choice is on record, and no further action is needed.***

We continue to follow the Health Department's safety protocols and have made every effort to ensure our buildings are safe to resume in-person learning. **View our re-entry simulation videos to learn more about our preparations for returning to school. (http://www.scsk12.org/safeplan/reentryvideos?PID=1743)** Currently, we are planning for grades Pre-K - 5 and students with exceptional needs to return first in early January. Grades 6-12 would return in mid-January. It is essential for all families to declare their preferred learning option in advance so we know how many students will be attending and can adequately prepare for staffing, student services and various daily operations at all schools. **View additional details about the proposed plan (http://www.scsk12.org/communications/files/2020/Re-Entry-AcademicCmte_10-19-20.pdf)** for reopening schools.

Parents can submit a student learning option in PowerSchool (https://scstn.powerschool.com/public/home.html?PID=1697) Wednesday, October 21 through Friday, October 30. Please note, any students who does not have a learning option selected by October 30 will be automatically enrolled in the in-person option for the remainder of the school year.

OPTION 1: IN-SCHOOL

- Daily in-class, teacher-led instruction
- Enhanced health & safety protocols in class & on buses (increased cleaning, mask usage, social distancing & more)
- Reduced class sizes & group interaction
- Frequent handwashing & hand sanitizer access
- *Please note: SCS teachers may continue delivering instruction virtually. However, if so, there will be a teacher, teacher assistant or certified substitute supervising and supporting daily in the classroom.*

- As we continue to socially distance, we encourage families to transport their students to and from school whenever possible. As always, District transportation will be available for students who are eligible.

OPTION 2: AT-HOME / VIRTUAL

- Live online teacher-led instruction every day using SCS student devices
- Support services available (ex. IEP meetings, ESL support, social emotional support, etc.)
