SUMMARY

As a Mechanical Engineer with a background in management and customer service, I am eager to use my skills to move toward a career in engineering, increasing my knowledge and abilities in the field as I learn more about business objectives and values.

EMPLOYMENT HISTORY

Engineering Consulting Intern / IMEG - Billings, MT

05/2025 - 08/2025

- Designed and specified commercial HVAC systems to meet performance and client requirements.
- Produced and reviewed detailed construction drawing sets to ensure accuracy and buildability.
- Analyzed architectural plans and collaborated with architects to improve design integration and efficiency.
- Calculated system loads and energy efficiency requirements to optimize performance and compliance.

Field Engineer Intern / PCL Construction - Denver, CO

05/2024 - 08/2024

- Read and interpreted professional engineering plans to assist on-site execution.
- Used modern technology and tools to perform accurate material and cost estimates.
- Communicated effectively with team members, architects, and engineers in a professional setting.

Landscape Manager / Vineyard Estates, Inc. - Edgartown, MA

05/2016 - 08/2020

- Coordinated with Vineyard owners to understand their landscaping needs and developed plans accordingly to create beautiful and well-maintained outdoor spaces.
- Supervised a team of landscapers to ensure all projects were executed efficiently and to the highest standard.
- Developed and implemented training programs for landscapers to enhance their skills and knowledge in landscaping techniques.

EDUCATION

Bachelor of Science: Mechanical Engineering

12/2025

Montana State University - Bozeman, MT

- 3.94 GPA
- NCEES FE Exam (Mechanical), 2025

SKILLS

- MATLAB and Python coding
- Project management
- CAD design (SolidWorks, Revit)
- Technical documentation
- Complex problem solving
- Digital audio production
