

ROSA 99 Raises Funds through Badminton

In line with SDG Target 6.2 | Sanitation and hygiene: By 2030, achieve access to adequate and equitable sanitation and hygiene for all and paying special attention to the needs of women and girls and those in vulnerable situations, the 1999yr group of the St. Rose's Old students Association (ROSA) have taken up the task to construct an incinerator for their alma mater at a cost of ghs170,000.00 to celebrate their 25th anniversary.

To get closer to achieving the target amount, the group organised an All Female Badminton Tournament to raise funds at the Tesano Sports Club dubbed "Raise a Racket...Raise Funds for ROSA". The event brought together recreational badminton players between the ages of 20 and 50 who are old girls from 6 schools. The men were not left out as they joined the ladies to play the mixed doubles to the admiration of young and old attendees.

The special guest for the event, Mr. Evans Yeboah, President of the Badminton Association of Ghana on behalf of the association made a donation towards the project

The incinerator when completed will address the issue of burning openly waste that cannot decompose or recycled and pose health problems for the students and the community around the school.

The group is calling on all to help realise this eco-friendly dream for St. Rose's Senior High School.

BE PART OF THE SOLUTION

in supporting ROSA 99 as we seek to construct an incinerator for our alma mater to curb open fires that pose health hazards to students and residents around the school

Project Cost:

ghs170,000.00
