## 2018 Annual Meeting

### South Carolina Sociological Association

**Arcadia Room  
Hilton Myrtle Beach Resort  
Myrtle Beach, South Carolina  
February 23-24, 2018**

## SCSA 2018 Meeting in Brief

**THEME:** *"Sociological Reaches:  
Exploring Contributions to the  
Breadth and Depth of the  
Discipline"*

---

This meeting is open to people regardless of official "discipline" or affiliation.

Rather than lock the meeting down into a specific theme that limits the scope of the meeting, we think it is important to share with one another our teaching, research, service, and outreach that works from and makes contributions to or because of the discipline of Sociology. Relevance and application are important.

There is a great deal of turmoil, social change, and important challenges in SC, the South, the US, and the world that has bearing on our endeavors and can be made sense of through Sociology and allied disciplines. Let us explore those reaches.
