Dear Engr. Ruben Semano,

Greetings!

Thank you so much for your email that conveys the sentiments of WRSA's officers & members after "digesting" the comments presented to you during your Acquittance Visit during the July National Board meeting and the various correspondence you received.

It was indeed the pleasure of the 2014 National Board to have met you and had the chance to discuss the options on how the mechanical engineers of the delisted Western Region Saudi Arabia Chapter can re-integrate themselves into the Philippine Society of Mechanical Engineers, Inc., the only Integrated Accredited Professional Organization (I-APO 004) for the mechanical engineering profession that is recognized by the Professional Regulations Commission (PRC).

I am glad that you were able to personally meet and interact with the incumbent National Board of Directors and thus appreciate PSME's mission to serve and enhance the competencies of all Filipino mechanical engineers wherever they are. In consonance with this mission, the National Board is encouraging the strengthening of the existing local and foreign-based chapters including the expansion of our membership base through the establishment of new chapters in areas that PSME has no presence yet.

In behalf of the National Board, I wish to reiterate the National Board's option that can be used to make your members' integration back to PSME as "seamless" as possible, through the auspices of our PSME JEDDAH CHAPTER. Later on, under the sponsorship and tutelage of our PSME JEDDAH CHAPTER a new Chapter can be spawned off and it would operate within your current immediate vicinity - the center of the city of Jeddah.

The re-integration process will follow this path:

1. Accomplish the prescribed Membership Form (Regular Members) including the payment of the New Member's Fee (P 250.00) and the 3-Year Membership Dues (P 750.00/ year or P 2,250.00 for 3 years) to PSME Jeddah Chapter who, in turn, will remit to PSME National with the concurrence of our VP - International Engr. Mamert Juanite.

2. For Life Members who upgraded their membership classification by 2006 are automatically accepted as Life Members with the accomplishment of the prescribed Membership Form; presentation of the Official Receipt showing the original Life Time Membership Fee; and the one-time payment of the approved P 1,150.00 Assessment Fee as approved by the 2010 National Board. This fee will be endorsed to PSME National by our PSME JEDDAH Chapter.

3. The integration into PSME JEDDAH Chapter is as much as it is PSME's objective that all mechanical engineers / members of a particular geographic area are handled through a common chapter. This is on the assumption that the geographic area under the control of a particular is reasonably sized to ensure the proper management & control of its members' needs.

WRSA Decision to Hibernate

- The only option left for WRSA to be re-activated is to compromise with Jeddah Chapter as per the 2014 letter from the national.
- In **1Q2015**, an agreement was made with Carlito Alpay-VPME, Jeffrey Vaflor- Jeddah Chapter Pres. that WRSA will join Jeddah Chapter but must be recommended to national by end of **2Q2015** to be recognized as an independent chapter or APU. But said agreement has not materialized which prompted **WRSA**, upon the approval of the 2015 chapter board and CoPPs, to **HIBERNATE**.

The above activities shows the strong unity of WRSAns that was developed thru the years... hoping this will continue with the future generations to come... habang may Saudi life!!!

The formation of PSME-JWR

It was also committed that when the right time comes, the new name will be returned back to WRSA.

When Paredes Office broke into 2, WRSA was given a chance to be chartered on a different name. It was decided and recommended to retain the word “**Western Region**” to indicate that the new chapter is the same chapter as WRSA.

A Visit to BME Chairman with the Two PSME National Presidents

ONE PSME...

- With the desire of the majority in the national level to have “**ONE PSME**”, the following merging happened:
- **Sept., 2018** - Merging of Paredes and Bayoran groups
- **Jan., 2019** – Merging of Paredes-Bayoran and Campa Groups

Merging of Paredes-Bayoran and Campa group into “ONE PSME” (06 Jan 2019).

How Re-Activation of WRSA and Merge with JWR Started:

Accidentally, met the 2019 PSME National President, Dr. Jeffrey Singson, and the (interim) National Board at Legazpi airport and discussed the possible reactivation of WRSA. The positive response was immediately relayed to Chapter Pres. (the late) Noel Bitera, PME to prepare and submit a resolution to PSME National to formalize the request.

2019 is the year for PSME-WRSA!!!

“When I choose to bring back WRSA to the mainstream of PSME in 2015, it was not a sign of weak leadership but rather a hard decision for the betterment of the majority of the members and the chapter as a whole.”

“In or out of organization activities, I never forgot my commitment - to bring back PSME-WRSA. 2019 is the year to mark in the chapter’s history : PSME-WRSA is back!”

2019 is also my 25th and last year in Saudi Arabia but I remain and will always be a WRSA.
