DIFFERENTIATOR

An organization is a reflection of its leader, right or wrong. Morehead's Connections Consulting takes pride in its reputation of quality service, synergy-driven connections, and relationships. Therefore, we are confident business development practitioners that we connect suitable suppliers and subcontractors to perform work for public and private procurement teams.

For over a decade, we have cultivated professional relationships within the small business community to include small, minority, woman-owned, and veteran-owned businesses in the construction, trucking and transportation industries.

BACKGROUND & CORE COMPETENCIES

Morehead's Connections Consulting provides business consulting in the areas of business development, finance and business solutions for certified and non-certified businesses pursuing business in the public and private sectors.

Our humble beginnings started in 2006, as we were approved and authorized to be a Technical Assistance Provider for the Small Business Administration (SBA) Community Express Loan Program. We have consulted start-ups and emerging businesses seeking working capital, business training, and technical assistance services.

Today, our capabilities have expanded to offering contractors:

- Business Plan Development
- Financing
- Commercial Insurance
- Marketing Development
- Public Relations
- Other Business Solutions
