# DESIGN WALL DIGEST

## Amazing Times

It's difficult these days to hear about, talk about, or think about anything other than the incredible pandemic in which the entire world is dealing. Whether it's self-isolating, social distancing, quarantining, or simply getting by each day, COVID-19 has the world locked in a time freeze. That does not mean life stops. We all must occupy our minds, fill our time with joyful activity, and keep ourselves safe.

*I wish you all health, peace and ask you stay at least 2 metres apart!!*

## Provincial Health Order

March 21st was the last day I had a client step foot in my shop, several days earlier than the original Health Order began. This week the Order was extended until April 28th and it remains legal for me to operate remotely.

I do not assemble staff or clients in the shop at all. I am happy to take online orders ([designwall.ca](http://designwall.ca)), take orders via email ([simone@designwall.ca](mailto:simone@designwall.ca)), I will FaceTime & text pictures of product, or speak with you via telephone. I've even had numerous people do some old fashioned window shopping, too!

I offer contact-free curb-side pick-up and non-contact delivery completely free. We're all making this work and I thank you all for your continued support. I cry everyday at the outpouring of your generosity.

## Weekly Window Display

As promised, I will change up my window display each Saturday. If you're looking for a safe, non-contact outing, come view a new fabric line that has arrived, spark a project idea, see a designer focus, or simply gaze at the pretty things through the glass, until we're together again.

## New & Replenished Products

The world has slowed but life marches on. As such, I continue to receive new & replenished product. I upload all new my product to my website within 24 hours of receiving it so know, when it's new, it's in front of you!

I've recently received a supply of Tula Pink Homemade Thread tins & Spool of Love kits. I've replenished my Variegated Aurifil Thread selection & have plenty of Marcia Baraldi Quilting Gloves in-house again.

## Quick Projects
