

Exciiiiiting News!

My Secret Revealed!

I've said this many times in my life, "I'm the luckiest girl in the world" and today is no exception. As promised in my last newsletter, I had big news to share and this is my opportunity. For some time I've known this is happening but with the world situation as it is, sharing it may have been fruitless, until now!

I have been working with Maple Leaf Quilting Company Ltd. to become Manitoba's Gammill (R) Sub-Dealer.

That's right - **Design Wall is a Gammill (R) Sub-Dealer!**

This comes with a caveat right now though - due to circumstances surrounding travel and Health Orders, I'm sad to say, I do not yet have my machines or my training so although I am your contact, right now, I will continue to work hand-in-hand with Maple Leaf Quilting Company Ltd. (Maple Leaf), Western Canada's Gammill (R) Dealer, to continue to provide you the excellent sales & service to which you've grown accustomed.

As a Sub-Dealer, I will eventually have two Gammill (R) long-arm machines in my store a Statler and a Vision 2. How amazing is that?

Sales, Service & Long-Arm Services

As the shop slowly opens (likely by appointment), you'll have the opportunity to learn of the features & benefits of Gammill (R) ownership, and in the distant future, when Health Orders safely allow in-person training classes you will be allowed to enrol in classes to learn to use the machine(s). For those who need the convenience of having long-arm quilting done on your behalf, Design Wall is here. Service & maintenance will also be a Design Wall offering.

Until machines arrive and complete training can be safely undertaken by myself and my staff, my working relationship with Maple Leaf, Western Canada's Gammill (R) Dealership, remains firmly in place to best serve you!

When installation & training can be planned, I'll also begin accepting quilts ready for long-arming. I appreciate your patience until that happy day!

Gammill®

I would be completely remiss if I did not mention a key piece of information making this exciting announcement possible. As a citizen of the **Manitoba Métis Federation**, I have worked with **Louis Riel Capital Corporation** (LRCC) to realize the

benefits of the **Equity Contribution Program**. Without my loyal & supportive clients and the LLRC loan program, this opportunity to better serve my clients would not be realizable. I am truly a lucky & grateful girl. Miigwetch!

Upcoming Mystery Quilt

I have a limited amount of spots available in the 8-month **BCS Mystery Quilt Club Quilter's Grace**. This program has been successfully running for 19 consecutive years and this particular mystery club will start in early 2022 (I have to place my fabric order now). I'm taking names now because space is limited. [Contact](#) me today to register. Join yourself, give it as a gift, or both - I'll be sure to handle the rest!

Lap Quilt - 68"x84"
Approximate Price: \$250 (\$31/mo)

Your kit includes all top fabric & binding upon pick-up from the Sister Bay for Moda collection, available in November 2021.

No guessing, no shortage.

Your one-time price is paid when you pick up your kit & no further kit costs are associated in the following months.

Each month you will receive instructions to cut and/or sew the fabric you have on hand.

The uniqueness of this program, aside from the strict secrecy up front, is that the quilt design is not revealed until you sew everything together in the final month. It truly is a mystery! A beautiful mystery!
