

Thank you for choosing Design Wall to quilt your masterpiece with our Gammill long-arm service. This page will provide important information to ensure your quilt is received & handled with the utmost care.

Please read the following carefully.

Pricing:

- * Standard long-arm computerized quilting is \$0.03/sq. in.
- * Hand-guided and custom quilting is \$49.95/hr (or any portion thereof).
- * Adding fabric to extend backing, pressing, or other preparation is \$35 flat fee per activity (fees will be client-approved before proceeding).
- * To prepare and/or affix standard 2.5" binding (machine + hand) is \$15/hr.
- * Labels can be part of the quilting process for a cost of \$35.
- * Any additional backing/batting purchased from Design Wall applies at retail pricing.

You are required to:

- Ensure the quilt top is complete & squared to your satisfaction. Any concerns can be discussed at time of consultation
- Provide or purchase backing at least four inches (4") larger and 2-3" larger for batting, on all sides, than the quilt top provided
- Have top & backing well pressed or fee may apply

Together we will:

- Confirm measurements of the top, backing, and backing
 - If batting & backing are not provided at time of drop-off they may be selected and purchased at additional retail pricing (added to total invoice).
- Choose quilt pattern, as available. Pre-programmed design is included and custom/hand-guided finishing is \$49.95/hour (per inch charge would not apply).
- Choose thread colour(s). Cost of thread is included in pricing.
- Trimming has been temporarily suspended. Quilts will be returned untrimmed and basting stitches removed.
