

Safety First

My top priority is the safety of my clients so I ask that we speak before you visit. During your visit please expect to learn detailed instructions and:

Questions

Are you feeling well today? Have you experienced any Covid-related symptoms in the past two weeks?

Have you travelled in the province? Where? When?

Have you travelled outside the province? Where? When?

Do you have a mask you are willing to wear for your visit?

Personal Information

I will ask for your full name and contact information.

DESIGN WALL DIGEST

One-On-One

I'm excited to inform you that I have been working with my fine clients to have one-on-one visits inside Design Wall and starting Tuesday August 04, 2020, you may call for your visit time!

As numbers continue to be reported in the province, **I will always encourage a remote sales options first**, however; I am willing to work with clients who need special matching, want to develop projects, or need some assistance & inspiration. On a one-on-one basis, we can work together to stay safe.

I will ask the questions to the left, and if you have not been feeling well or are not feeling well on the day of your potential visit, I kindly ask we work remotely. After sanitizing upon entering the shop, I will continue to do the leg work and pull desired bolts and products forward. I respectfully ask that no touching take place and will not be offering public washroom facilities at this time.

My front door will remain locked but in order to have clients best served, I am willing to work with you to ensure you receive the specialized service, of which you've become accustomed.

Feel Welcome To Be In Touch

- **Call the shop** at 204-897-8458 or **text** 306-292-8005 to secure a time in the shop. Do this days in advance or from the parking lot if that works better into your schedule. I'll do my best to accommodate.

Please do not approach the shop door until the door has been opened for you.

- Send an email to simone@designwall.ca to arrange a shop time.

Be Safe | Social Distance | Wear a Mask (if you can) | Flatten the Curve
