DESIGN WALL DIGEST

Nobody Ever Says, “So, What’s Old?”

It’s true - I’ve yet to have someone come into Design Wall and ask to see any old stock! So this edition is very much about What’s New! Let me assure you, the stock still keeps coming.

This autumn seems to have us all holding our breath whether in anticipation or trepidation of what the next weeks and months have in store for us, both on a world-wide & local basis. This year has brought us some new challenges, new ways of doing old business, and dare I say, new friends or renewed friendships as we all adjust to our “new normal”. Not everything this year has been bad and being steadfast means that this, too, shall pass.

In order to keep us all busy and safe, Design Wall keeps bringing in new stock, sharing new ideas, and updates on future activities. Please remember, my website is always the best place for information. So if it’s 2am you’re thinking, “is Design Wall open?”, “are there any classes in any way?”, or “is there anything new?”, designwall.ca is a great first step..... especially if the urge does actually strike at 2am!!

My website is 24/7 - me..... not so much!

Be sure to read the Quick Announcements on the last page for some important tidbits

By-Appointment In-Store Visits

Thank you for your understanding as we work through this new process.

If possible, let's continue with remote sales solutions, but when that's not always the best way, please:

- 1) Call for an appointment - days are filling quickly so it is highly recommended to book 1-2 days in advance.
- 2) Please arrive in a timely manner & call from the car when you arrive. I'll then open the door & provide you more instruction.
- 3) If you are not feeling well on the day of your appointment, please call to reschedule.
- 4) I kindly ask that you wear a mask.
