

Great News since late 2022

Our sister company in China, developing DOTTO Automatic Tire Inflation System (DTIS) for China/Europe and North America.

In early March 2023, We have just completed a batch of DTIS for Yangzhou CIMC THT Trailer company, which is top trailer manufacturer of China, for OE and export. Particularly 4 axles version, with FUWA axle.

In Nov. 2022, We have moved to new Office and Warehouse from Smart Park, University of Manitoba! Welcome to visit. We got tea and coffee ready for you!

We have 2 containers of brake drums, 3922X equivalent, ready for Rock & Roll @ local market.

With inventory of 2,000+ units of TPMS Sensors for Passenger cars. Welcome to order from warehouse distributors, tire shops and DIYers. Tire change season coming again, get prepared for incoming hot season! Having sold lots of sensors thru dealers at Winnipeg, Toronto, Ottawa, Edmonton, etc. In discussion with top Canadian auto parts warehouse distributors now, you will soon to see DOTTO TPMS sensors at your familiar shops.
