

How to Guide- Recurring Work Orders

- Overview of Recurring Work Orders
- Entering a Recurring Work Order
- Schedule a Recurring Work Order
- Viewing your Recurring Work Orders
- Stopping work orders from recurring

accelerator cc The logo graphic consists of two right-pointing chevrons. The first chevron is green and the second is black, both pointing to the right.

Overview

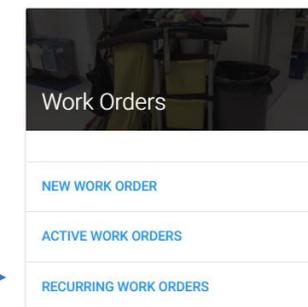

Accelerator's Recurring Work Order (RWO) feature allows you to setup a work order that recurs at a frequency you schedule. Common types of recurring work orders include: weekly appliance cleaning, monthly inspections, quarterly high dusting, or a monthly work order that needs to be invoiced on a recurring basis.

Accelerator will **create your work order 4 days before the next due date**. You can schedule the work order to notify you via email if you wish to be reminded. Note: Reminders are setup in administration, you will need your system administrator to setup.

Entering a Recurring Work Order

To enter a new Recurring Work Order, click Recurring Work Orders from the Work Order tile

Step 1: Enter the Recurring Work Order

Recurring Work Order
These are the fields of the recurring work order record that can be edited.

Description*	Weekly Appliance
Service Location*	Research Center
Contact Name	Peterson, Sean
Sales Person	Little Rich
