**Shalom! Peace be with you!**

Thanks to God for all that He is doing in our lives!

*( here is long time after last time I wrote news-letter, but i want to share you what exciting going in my life )*

I would like to share that I am slowly starting to record new songs. Also some months ago we recorded one special song and I'm really grateful to God for that!

As you probably remember - last summer for the very first time I organized Summer School of Worship. We had 4 young and talented students from Latvia who gained knowledge and learned practical skills needed for leading worship. God really used this school to bless people in Latvia, Estonia and Finland!

One of the newest songs "**Sing to God, All Of Latvia**" is a very special song that invites all Christians of Latvia to unite in a song of praise and thanks giving! The message of this song is – when we are united, we are more effective to fulfil the Great Commission of our Lord Jesus. If we give thanks for our country and each one of us personally is awake spiritually, if we bring glory and praise to Lord Jesus, God can do His supernatural part. I believe that revival in Latvia is already starting to sprout!

*Sing to God a song of praise / Sing all the Latvia /  
Praised be the name of the Lord / He is always faithful*

*Christ is the Saviour of Latvia / He has given us freedom /  
We all come together / And praise Him in unity*

***Glory be to God on Highest / All glory to God! All glory to God***

*Let's thank our God with song / We live in our land /  
We all come together / And praise Him in unity*

This song was written during Summer School of Worship together with one of the students – Judite Ozolinkevica. We have used this song in worship already in several churches. And what's really important – we got to record this song in a studio, therefore it is now accessible to the listeners in a good quality! The costs of the recording were 330 Euros. I am truly happy that our talented young worshipers can be involved in the recording process!

If you are using Spotify, Deezer, Apple Music or any other music streaming platform, I invite you to listen to this song every day. That might contribute to me receiving couple of cents. But in all seriousness - for every 1000 plays I receive around 2 euros and that is a little something that motivates me to record more songs!

Of course, you can always support me by transferring support directly to my bank account ... What is the most important - **you can support me by praying** for my ministry! I am excited and happy to declare the Gospel to the nations through worship! God is good!

Currently, together with Iveta Jansone ( she was helping a lot as volunteer for last School of Worship as translator and she was teach music for students, after then she did DTS and now she will come as student and be part of School of Worship ), **we** are working on the song about our risen Lord Jesus Christ! We plan to release it right before the Resurrection Sunday. We are planning to release it in English and Latvian!

God has put on my heart to record many new songs, since I have quite many of them piled up over the years! A studio recording of one song costs around 250-300 euros. If we want to record a song with richer arrangement (more music instruments included), the expenses of a recording can rise up to 500 euros. I believe it is worth to invest in a high-quality arrangement when we record. Since everything we do has to glorify God, and I believe, we as Christians have to strive for nice and beautiful in everything, especially in worship music, that we can help to others worship and we can bring gospel and light to darkness

**"And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through him." Colos 3:17**

**"Whatever you do, work at it with all your heart, as working for the Lord..." Colos 3:23a**

With this being said – I really thank each one of my supporters, who have kept me in prayers, blessed me and invested in ministry and music what I can do! Because of you I am able to do the mission God has placed in my heart!

Each little donation has helped me to save money for recordings, new strings for my guitar, and other expenses connected to maintaining my music instrument. Thanks be to GOD!

As many of you have heard, I am leading **Schools of Worship**. This year we will run our fourth full time school. During the school we will be traveling to Israel, Turkey, as well as Ireland and England where we will minister with worship in Latvian and Lithuanian church. One of the lecture weeks will happen in Scotland. Half of the time we will be spending in the Baltic states, other half in different countries. We have in our heart not only to lead seminars about worship here in Latvia, but also to support and bless our 'sister countries' - Lithuania and Estonia. Let the Baltic nations hold hands in prayer and worship for the glory of God and blessing to people!

School of Worship will start on April 8 and end on August 24. This time 3 students have applied for the fulltime studies and 3 countries are represented – Lithuania, Latvia and USA.

Our school motto –

**"Declare His Glory among the nations!"**

(Ps.96:3a)

I'd like to invite you to keep partnering with us in prayer for these two intentions –

+ Ability and recourses for recording new songs;

+ God's protection, guidance and blessing for School of Worship, which will minister in Israel, Baltic states and other places.

May God bless each one of you abundantly!
