Home Visit & Dog Walking Agreement

Thank you for trusting me with your beloved pets! I provide dependable, loving care to help them feel safe, comfortable, and happy in their familiar environment. Services may include home visits, walks, feeding, companionship, and medication assistance when appropriate. Every pet receives kind, patient, and affectionate care—just like family.

Home Visit Details

Within the agreed visit time, I may also bring in mail, move trash cans, or water plants when requested.

Payment

A 50% deposit is due at booking, with the balance due upon completion of services. I accept Apple Pay, Zelle, or cash. Payment email: catsweetman@gmail.com.

Home Access & Safety

Please provide reliable access to your home (door code, lockbox, key, or another arranged method). Pets should wear secure collars or harnesses with current ID tags and use reliable leashes. I strongly recommend microchipping and flea/tick prevention.

Veterinary Care & Emergencies

You authorize me to seek veterinary care if needed. I will make every effort to contact you promptly. You remain responsible for veterinary expenses. I will never authorize euthanasia. I do not diagnose conditions or prescribe treatment; I may provide basic first aid until veterinary care is available.

Behavior, Backup Care & Unexpected Events

Your pet's health, safety, and well-being come first. If behavior puts people or animals at risk, I may adjust or discontinue services. During severe weather, emergencies, illness, or unforeseen circumstances, I may arrange a trusted backup caregiver or make reasonable decisions in your pet's best interest. I will notify you as soon as possible.

Cancellations

Please provide at least 12 hours' notice. Repeated short-notice cancellations may affect future reservations, but there is no cancellation charge.
