Puppy Manners

Puppy Manners Classes (10 weeks-6 months) are essential for establishing a solid foundation of obedience for your dog. These classes are designed to teach you how to socialize your puppy properly while training them in basic cues and good manners. You will learn how to train your puppy through real-life challenges with confidence. AKC Star Puppy test is offered.

Beyond Puppy

Time: 9:30 am-10:30 am

Beyond Puppy Classes (5-9 months) are essential for reinforcing the foundation of obedience for a well-behaved dog. These classes are designed to teach you, as a dog handler, how to properly socialize and train your dog in basic cues such as heeling, recall, sit, down, and stay. You will learn puppy focusing techniques while leash walking near other dogs and people.

Basic Obedience

Time: 10:30 am-11:30 am

Basic Obedience Classes (over 9 months) are essential for building on the foundational skills learned in puppy classes, and continuing to develop your dog's obedience. Your dog will learn to improve their duration and distance with basic cues such as sit, down, stay, recall, and leash walking while navigating a distracting environment. AKC Canine Good Citizen test is offered.

Advanced Obedience

Time: 10:30 am-11:30 am

Advanced Obedience Classes (over 1 year) build upon the foundational behaviors learned in Basic Obedience, applying those skills to more complex scenarios. You will learn how to work as a team while keeping your dog focused in highly distracting environments. These advanced behaviors will provide a solid foundation for other classes, such as agility, rally, and therapy dog training. Advanced AKC Canine Good Citizen test is offered.
