Advanced Obedience Classes builds off the foundation behaviors learned in basic obedience and applies those behaviors to more complex scenarios. You and your dog will learn to work well as a team while you maintain your dog's focus in highly distracting environments. These classes are designed to teach you and train your dog the advanced behaviors to pass the AKC Advanced Canine Good Citizen test which is offered at the end of the class. These advanced behaviors will also lay the foundation for other classes such as agility, rally, and therapy dog work. Our classes are educational and fun. We will keep you and your dog mentally and physically engaged during class. Get ready to train with a positive attitude as you continue to build a happy and healthy relationship with your dog!
