ABOUT THE AMERICAN KENNEL CLUB TEMPERAMENT TEST

PURPOSE OF THIS TEST

The AKC Temperament Test (ATT) is a general temperament test for all breeds and mixed breed dogs that will assess the dog's reaction to a variety of stimuli. These stimuli will be in the following six categories: Social, Auditory, Visual, Tactile (touch), Proprioceptive (motion) and Unexpected Stimuli. The purpose of the ATT is to test for fear, shyness, inability to recover, and lack of cooperation. Desired traits are that the dog will be emotionally stable, inquisitive, appropriately social for its breed, biddable, and demonstrates the ability to recover from a startling situation in a reasonable amount of time. Dogs who show signs of aggression will not pass the test.

One purpose of the ATT is to educate dog owners about the temperament of their breeds. At each test, in addition to a title application form and their contact information on the evaluator's checklist, handlers complete the form labeled, "Your Breed's Temperament." The form includes a space for the handlers of mixed breed dogs to write about the temperament of their individual dogs.

TEST INFO

The ATT is a noncompetitive pass-fail test. In a test, a dog must pass 3 test items in each of the six categories (total of 18 test items). These are selected from a list of 24 possible test items. All dogs passing the ATT twice under two different approved ATT Evaluators may earn the AKC Temperament Test (ATT) Title.

COLLARS, LEASHES

Dogs may wear slip collars that are on the dead ring, buckle collars, martingales and body harnesses in the ATT. They may not wear prong collars, head collars, e-collars, or harnesses that restrict the movement of the dog. Leashes should be 4ft. to 6ft. long and should be made of fabric or leather.

DOGS THAT PASS – CAN APPLY FOR A TITLE

Owners or handlers of dogs that pass twice may complete the AKC Temperament Test (ATT) Title Application and send it into AKC.
