February 10, 2020

MAYOR'S REPORT

1. Economic interest statements has to be completed and turned into the Mayor's office.
2. I have ordered the replacement street signs.
3. Donnie Miklos and I have been working on the JC'S building replacement. I have e-mailed all estimates to Frank O'Relly (CCMSI), our insurance carrier. We are now ready to receive approval from the council to authorize the bids.

Total bid estimate \$68,500.00 plus \$5000.00 finishing inside. The Mayor's office will have update on total from our carrier meeting night.
4. I propose any Firefighter that receives N.I.M.S certification receive an extra \$2.00 per fire call and \$2.00 per meeting night. This will be an incentive for our Fireman to receive their N.I.M.S. certification. This will help on federal grants.
5. I have completed the payroll audit for IMLRA (insurance carrier). Our payroll for 2019 was \$644,127.00.
6. I signed our 4th of July fireworks contract with Melrose Pyrotechnics. Signing the contract early we locked in last year's prices, \$15,000.00
