MAYOR'S REPORT

1. Christopher's Motor Fuel program was approved by I.D.O.T. Bid letting for our streets should be soon.
2. I have received word from Tammy Campbell on a DECO grant, to reimburse the city on Covid 19 related expenditures. The paperwork should be coming from DECO.
3. We are in the process of applying liens on properties that the city mowed.
4. The city parks have been re-opened.
5. Demolition of 118 West Market Street. The owner of the building is Stacey L. And William J. Chaffin.
We will go to court to recoup the cities expenses.

Building for the future!
