

Monitoring Violations Annual Notice Template

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for Christopher, Illinois

Our water system violated several drinking water standards over the past year. Even though these were not emergencies, as our customers, you have a right to know what happened and what we did to correct these situations.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During 1/1/2025-3/31/2025 we samples were submitted 2/25/25 when the deadline was 2/22/25 for Total Haloacetic Acids (HAA5) and TTHM and therefore cannot be sure of the quality of our drinking water during that time.

What should I do?

There is nothing you need to do at this time.

The table below lists the contaminant(s) we did not properly test for during the last year, how often we are supposed to sample for [this contaminant/these contaminants], how many samples we are supposed to take, how many samples we took, when samples should have been taken, and the date on which follow-up samples were (or will be) taken.

Contaminant	Required sampling frequency	Number of samples taken	When all samples should have been taken	When samples were or will be taken
Total Haloacetic Acids (HAA%)	Every 90 days	1 sample 2 test sites	2/8/2025-2/22/2025	2/25/2025
TTHM	Every 90 days	1 sample 2 test sites	2/8/2025-2/22/2025	2/25/2025

What happened? What is being done?

Samples were taken and arrived on 2/25/2025 after the original deadline of 2/22/2025

For more information, please contact Jon Taylor at 618-724-2011 or the Christopher Water Department, 208 N Thomas Street, Christopher, Illinois

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
