

Poster Contest

Spring brings a focus on prevention including Alcohol Awareness Month held each April. Please consider the following as you think about the young people you know:

- All youth face risk. No exactly the same risks, at the same time, or to the same degree. But all youth face circumstances and choices that shape their lives. Prevention means equpping youth to make the bst possible choices.
- Youth need tools to say no. Alcohol, other drugs, and vape culture are everywhere. Knowing why drugs are especially dangerous to developing brains empowers young people to say no.

ENTER THE 28TH ANNUAL ALCOHOL/DRUG PREVENTION POSTER CONTEST FOR GRADES 6-12

Let your students pick from three thought provoking themes & watch their ideas come to life! Use the "Did You Know" page to spark conversations about the dangers of drug use. Students love competing for the awesome prizes (top prize is a laptop!), but the real prize is the opportunity to help youth consider the risks of underage drinking, vaping, and other drug use.

Please feel free to contact me with any questions! Materials are also available at ilcaaap.org. Entries can be mailed anytime before April 8, 2023. Winners will be announced in late April.

Sincerely,

A handwritten signature in black ink that reads "Lynn".
