

# Are you a caregiver for a child with Self-Injurious Behaviour (SIB)?

Are you interested in helping us understand how SIB impacts you and your child?

If so, we would like to hear from you!

We are looking for caregivers to participate in a **10 minute survey** to hear about your experiences. We hope you use this information to advocate and to improve access to appropriate supports for you.

The survey can be accessed through the link or QR code below:
