

Client Testimony

So this happened! My hubby Travis D. Best and my wonderful travel agent Pamela Henry Hamm Bobby L Hamm Jr planned and surprised me with a trip to St. Lucia for our 20th anniversary. For those that KNOW me, know that I've been extra cautious during this pandemic and was not trying to leave NC until next year. Well listen, I had the best time of my life and I felt very safe.

Our agent provided us with an organizer that included ALL of documents that we would need to travel. OMG! This made life so much easier. We stayed at the Butler's 2 story ocean front Villa suite with a private pool. We did not have to leave our room for anything. Our butlers always wore masks during the duration of our stay. Thank you to the Hamm's Travel Service LLC for making this a safe & fun trip for Trav and I!

I encourage everyone to use this company. They truly understand the needs of their clients. We look forward to using your services again.
