Francesco Has Arrived.

Before Florence was the golden city of the powerful Medici and harbinger of the Italian Renaissance, it was a burgeoning town of merchants and nobility and a battleground for two centuries-old rival factions: the Guelfs and Ghibellines. The Guidi family is a once-powerful, once-proud family on both sides of the quarrel at the beginning of the fourteenth century. That quarrel is all but forgotten when the scion of an ancient branch of the family comes to Florence to claim his legacy.

Word soon spreads that Francesco has arrived.

WHYTE ROSE & VIOLET, SCRIBES celebrates the twentieth anniversary of the publication of Ellen L. Ekstrom's tale of fourteenth-century Florence and Tuscany, "The Legacy," with a new, expanded, revised edition.

All editions are available as hardcover, trade paperbacks, and e-books at Amazon.com, as trade paperbacks at Barnes & Noble's online bookstore, Powell's Books, and other online bookstores, and by special order at your favorite brick-and-mortar bookstore.

What if...

What if you could go back and re-live those painful, telling moments in a relationship and say the words you meant to say, perhaps take a different path to happiness? *What if* you were given those opportunities and assisted by the most unlikely of mentors? *What if* life was more like a dream, rather than a perfectly ordered sequence of time, in that events blended one into another, without reason at first, but suddenly made perfect sense?

What if there was a place that could make all this happen?

Welcome to the Village.

ABOUT ELLEN L. EKSTRÖM

Ellen L. Ekström is a native of the San Francisco Bay Area and was educated locally. She received a bachelor's degree in theological studies with a concentration in Christian Mythos, also known as church history, and a sub-specialty in Christian Social Ethics. She took honors for both. Ordained to the vocational diaconate in 2002, she is a clergywoman in the Episcopal Church and is retired from parish ministry but still active in social justice issues and pastoral care. In 2024, she was inducted into Marquis Publishing's *Who's Who in America* for her literary work and service in the vocational diaconate.

Ellen has been fascinated by all things medieval since childhood. She is now studying Late Anglo-Saxon England in preparation for two forthcoming novels, *Swannsaeld* and *The Sometime Queen—A Cheshire Tale*, and the Fourth Crusade for *George of Grasmere: The Ascalon Saga*, the origin story of George Ascalon, a prequel to *Armor of Light* and *Ascalon*. Her preferred genres are fantasy/historical: her first novel, *The Legacy*, a tale of fourteenth-century Florence and Tuscany, was followed by her retelling of the St. George and the Dragon legend, *Armor of Light*, followed by *St. Edmund Wood*, a story of Victorian England—Ms. Ekström's homage to Thomas Hardy and the Brontë sisters—and the sequel to *Armor of Light*, *Ascalon*. She recently completed and released *George of Grasmere: Part One—The Oath* and the Twentieth Anniversary Edition of *The Legacy*. Occasionally she delves into matters of the modern heart, as evidenced by her novels set in the Twentieth Century: *Tallis' Third Tune* and *Scarborough*, which tell the same story of heartbreak and love from various points of view, and *What She Wished For... a Cautionary Tale*, a story about what can go wrong when you meet the right person. Just as a painter has many subjects to bring to a canvas, Ellen believes that there are many stories to tell, and to limit oneself to a niche isn't the way she lives or thinks.
