ZEN FREIGHT SOLUTIONS CERTIFIED AS WOMEN'S BUSINESS ENTERPRISE BUTLER-BASED TRANSPORTATION FIRM RECEIVES WBE CERTIFICATION

(23 May 2023)—*Pittsburgh, Pennsylvania*—Zen Freight Solutions is proud to announce certification as a Women's Business Enterprise (WBE) through the Women's Business Enterprise National Council (WBENC), the nation's leading third-party certifier of businesses owned and operated by women.

The WBENC Certification process has confirmed that the business is at least 51% owned, operated, and controlled by a woman or women, and has the appropriate structure and strategic business planning and implementation in place.

By including women-owned businesses among their suppliers, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier diversity programs, which in turn empowers women as leaders and brings about a more diverse, balanced, and sustainable economy.

Zen Freight Solutions is owned by Racquelle Pakutz, an award-winning female leader in the transportation industry with over a decade of experience. "Being WBE certified is important to me," Pakutz said. "I want to encourage all women in male-dominated industries to stand out and make their mark in whatever industry they are a part of. I feel this designation helps Zen do just that within the transportation arena."

Zen Freight Solutions is a freight brokerage company and transport expert specializing in flatbed movements with a heavy emphasis on pipe and construction material transportation. Whether small or massive orders, Zen provides rapid shipping updates and delivery solutions. The Zen team prides itself on projects being on time, on budget, and completed safely.
