

Bible Storytelling 1 : God Rescues

Noah

Psalm 36:7

How precious is Your steadfast love, oh God! © 2020 Concordia Publishing House

Bible Point:

Sometimes we are helpless to see what's next and we can begin to despair because we do not see any hope.

Gospel:

Jesus can always see the way. He has promised to always lead the way. He has promised to always be with us, and He always keeps His promises. Now matter how grim life can look, Jesus is always leading the way to forgiveness, life, and salvation.

Jesus Leads the Way:

After the flood, Noah can't see anything but water all around him, but God leads him to dry land. In our lives, when we can't see any way of escape or any reason for hope, Jesus continues to lead the way. He leads us to His gifts of forgiveness and life in His Word and Sacrament.
