## Supplies:

- A shallow dish—a glass pie plate would work well
- Milk—enough to fill the bottom of the pie plate
- At least three colors of liquid food coloring
- Dish soap in its squirt bottle

## Instructions:

1. Pour milk into the pie plate. The milk should fill the bottom of the pie plate.
2. Add a few drops of each color of food coloring to one spot in the milk. The spot will be a blackish color as the colors mix.
3. Put a drop of dish soap onto the blackish spot.
4. Watch for the colors to beautifully spread all throughout the milk!

## Lesson connection:

Jesus' disciples were all in one place for a while. But then they were sent out to lots of different places to share God's Word. We are all here right now, but after today, we will go home to live in different places! God is working through you as His child. He helps you to spread to others the love and forgiveness of Jesus, our Savior—our Treasure—wherever you go!
