

The Admission Process

Parent Visit and Observation

Parents are expected to tour the school, observe a classroom in session, and meet with the Head of School. This allows prospective parents and the School Head to become acquainted with each other and to share pertinent information ensuring a good match between the family and the school.

Application and supporting documents

Parents should submit a completed **application** form and a \$75 non-refundable application fee after the classroom observation. Parents of children currently enrolled in another school must request that **copies of records** and **Teacher Letters of Recommendation** be submitted from that school (forms are available on the MCC website.)

Admission visit

Admission visit appointments will be arranged once all the application materials have been received. Children will explore the Montessori classroom materials with the guidance of a Montessori teacher. All children will be informally assessed by a Montessori teacher to determine readiness and/or “right fit” for the program.

Admission Decision

All decisions will be mailed by the school. For “current” school year decisions, letters will be mailed within the week. For “upcoming” school year decisions, letters will be mailed in late February or thereafter on a rolling basis. All agreements, contracts, and deposits must be received within two weeks from the date of issuance. Students are considered to be enrolled once all contracts, deposits, and required records are received.

Enrollment contract

Once enrolled, annual tuition payments should be made in 10 monthly installments as stated in the enrollment contract. Guidelines of all school policies are outlined in the The Montessori Children’s Community Parent/Student Handbook, which will be provided to families before the beginning of each new school year.
