3. Denim.

“3F” – Good denim is made when the 3 elements of Fit, Fabric and Finishing are harmonized.

- Fabric : Uri company is sourcing and developing directly from Europe, China and Vietnam by designers to find good fabrics.
- Fit : In order to improve the fit and prevent deformation after washing , fabric & pattern data are accumulated, and professional pattern maker use the data to provide a better fit.
- Finishing : In order to give the body a three- dimensional effect and complete the style according to the trend, Uri company is developing a unique and differentiated washing method with Kancan ,a major denim customer
